

Aircraft Maintenance Engineers (AME)

Pacific Crown Helicopters is a specialist Airbus Helicopters and Safran Helicopter Engines Maintenance Centre on Queensland's Sunshine Coast. We are a small team of dedicated professionals and operate from a purpose-built facility with easy road access and free onsite parking.

We are continuing to experience significant growth and are looking for Aircraft Maintenance Engineers to join our team.

A current CASA Licence is not currently required, however this should be a goal for the future.

Favourable Qualifications and Attributes:

- Australian AQF Cert IV Aircraft Tradespersons in Mechanical, Avionics or Structures
- Must have formal work rights in Australia
- Experience working with Airbus or other manufactures helicopters
- Airbus Helicopter Experience – AS350, H135, H145 preferred
- Quality focused, results oriented and adaptable in the workplace
- Flexibility with work hours and schedules
- Own transport and a valid driver's license
- Aviation ASIC security card (or able to obtain)

A competitive salary along with career development and further training is on offer, we also offer flexible work hours, schedules and relocation packages can be negotiated.

Please submit your current resume and a cover letter to careers@pacificcrown.com stating how you comply with the above requirements.
